DCP-L5500DN	HL-L6400DWT
DCP-L6600DW	HL-6400DW2T
HL-L6250DN	HL-L6450DW

Toner Cartridge Handling

- Do not forcibly open the toner cartridge.
 - If toner spillage is caused by incorrect handling, inhalation skin contact and swallowing of the toner should be avoided.
 - If toner powder should leak out avoid inhaling. In case of accidental inhalation, move to fresh air immediately, then obtain medical attention.
-

- If toner gets into the eye, you should immediately rinse your eyes with water for at least 15 minutes and seek medical attention.
- If toner gets on hands or clothing, remove contaminated clothing and wash affected skin immediately with plenty of water or soap and water if available.
- If toner powder is accidentally ingested then immediately obtain medical attention. Wash out the mouth with water and give 200-330ml (half a pint) of water to drink)

Toner cartridges must not get into the hands of children.

- For more safety information regarding the toners please visit the following address to read the Safety Data Sheets (SDS)
